Mary,

Please make certain that I have all of the descriptor information for the brands with missing tar, nicotine and CO levels. We will try to have information available by mid-November on these brands, if possible. Include type of pack (hard or soft); length, type (light, ultra light), menthol, etc.

The information that we currently need is on the following brands:

Bronco Ultra Light 100's soft pack
Main Street Menthol light filter 100's
USA Gold light 100's
Cig Tec full flavor 100's
USA Gold menthol 100's

With best regards,
Bettie
